PREPARATION INSTRUCTIONS FOR BED BUGS
(ALL PESTICIDES WILL BE USED IN ACCORDANCE WITH MANUFACTURES LABEL)

HOMEOWNER'S PREPARATION PRIOR TO TREATMENT

1. Take all beds completely apart (Framing, box spring, legs, etc.) Put mattress and box spring up against the wall.
2. All clothing, linens and bedding must be bagged, tied and taken to dry cleaners or Laundromat at time treatment begins.
3. Remove all wall hangings from the walls. Pictures must be removed from frames and placed against the wall for treatment.
4. Remove all dresser drawers and completely empty them out. Wash and dry all clothing that were removed from the drawers.
5. Aquariums to be sealed off with plastic half way down the tank. Filter to be unplugged for a mandatory four (4) hour period.
6. All closets must be completely emptied out.
7. Floors and carpet must be free of debris. Carpet areas, sofas, chairs, etc. must be vacuumed thoroughly. Throw away vacuum bag and replace with new one.
8. All electrical items must be unplugged.
9. All windows must be closed and fans turned off at the time of the treatment.
10. Pull carpet from baseboards (carpet needs to be sprayed underneath) **Note number ten may be done by maintenance depending on your situation. (May or may not be required – your technician will advise you)
11. No other “store bought” pest control products may be used after MANNvsPEST treatment.

NOTE: STATE LAW PROHIBITS SPRAYING WHEN AREAS LISTED ARE NOT PROPERLY PREPARED. AND IN ORDER FOR YOUR TREATMENT TO BE EFFECTIVE, THESE PROCEDURES MUST BE FOLLOWED COMPLETELY.

HOMEOWNERS FOLLOW-UP

1. Upon returning to the premises, open all windows to air out residence.
2. Remove plastic from aquariums and plug filter back in.
3. **DO NOT USE LIQUID CLEANSER OR WATER TO CLEAN** after the treatment as this will wash away residue barriers in treated areas. However, kitchen and bathroom counter tops may be cleaned.
